Quick Hitch MOUNTING SYSTEM

SPEED, EASE, & SIMPLICITY

The Hiniker Quick Hitch is the fastest plow mounting system available! The self-aligning drive-in mount lets you connect your Hiniker plow in seconds. This eliminates manually lifting, pushing, and pulling the plow into place.

- 1 Drive truck forks into plow receiver
- 2 Pull lever to lock plow to truck & raise stand
- 3 Plug in connections & you're ready to roll!

Reverse the process to disconnect the entire plow assembly just as quickly, leaving it ready for the next snowfall. Because Hiniker makes it so easy to disconnect your plow, you'll save weight and wear on your truck when the plow is not needed.
